

1. Independence Day_on 15 August 2022

The CMR GROUP of colleges have celebrated 76 th INDEPENDENCE DAY on 15 August 2022, marking 75 years of freedom on grand scale. All colleges of the group, CMR Technical Campus, CMR Engineering College, CMR of Engineering and Technology, CMR college of Pharmacy and CMR college of IT have participated in Independence day celebrations at College grounds. All students along with all faculty members, Principal and management have participated in the program. Management has hoisted the flag. Principals of all colleges gave their speeches and spoken about the importance of Independence day for all Indians. March past was conducted. Few also gave their speeches on Independence day importance. The students and faculty have shown the patriotic spirit by remembering the great leaders on that day.

2. Mathematics day celebrations at CMREC on 22nd December, 2022

Number of External Participants, If any :2

Number of Student Participants* 120

Number of Faculty Participants* 18

Expenditure Amount, If any : NO

Aim & Objective:

National Maths Day is celebrated to mark the birth anniversary of the mathematics genius **Srinivasa Ramanujan** and his contribution to the field of mathematics. Every year, 22 December is observed as National Mathematics Day to mark the birth anniversary of Srinivasa Ramanujan, a renowned Indian mathematician..

Description:

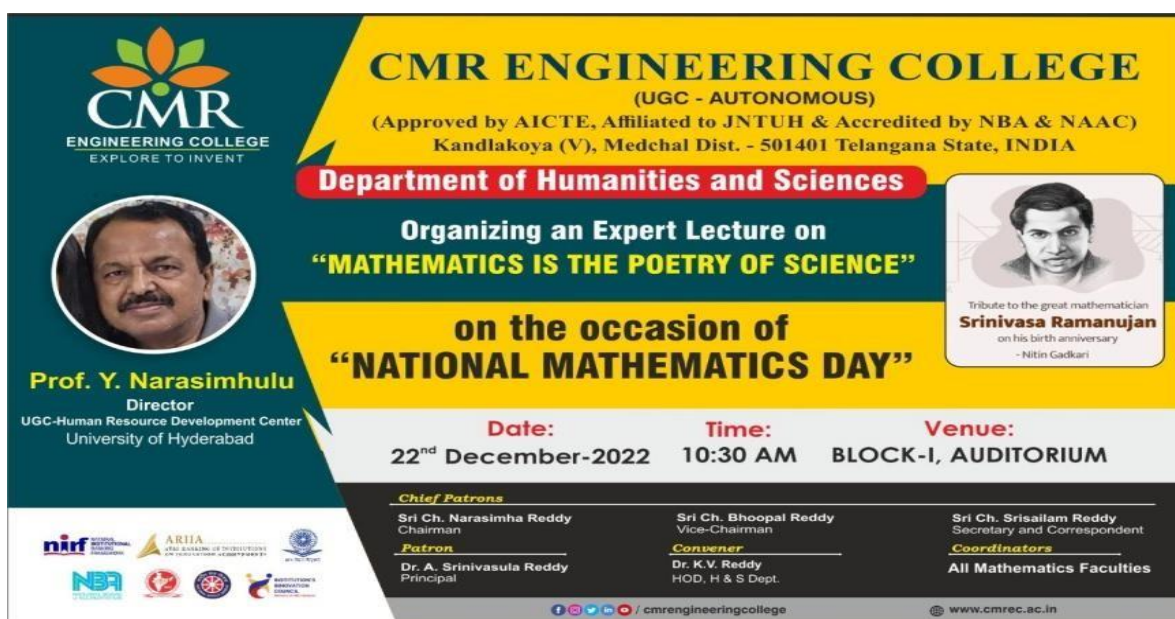

With the encouragement and support from Management, Principal sir, HOD H&S Department National Mathematics Day was celebrated on 22nd December 2022 at 10:30 A M at Block-1 Auditorium, CMR Engineering College Dr. A.S Reddy Principal gave a keynote address and spoke about the importance of National Mathematics Day. There were about 180 students with 18 faculty members in the celebration of National Mathematics Day.

Benefits:

Mathematics provides an effective way of building mental discipline and encourages logical reasoning and mental rigor. In addition, mathematical knowledge plays a crucial role in understanding the contents of other school subjects such as science, social studies, and even music and art.

3. Republic celebrations on 26/01/2023 day

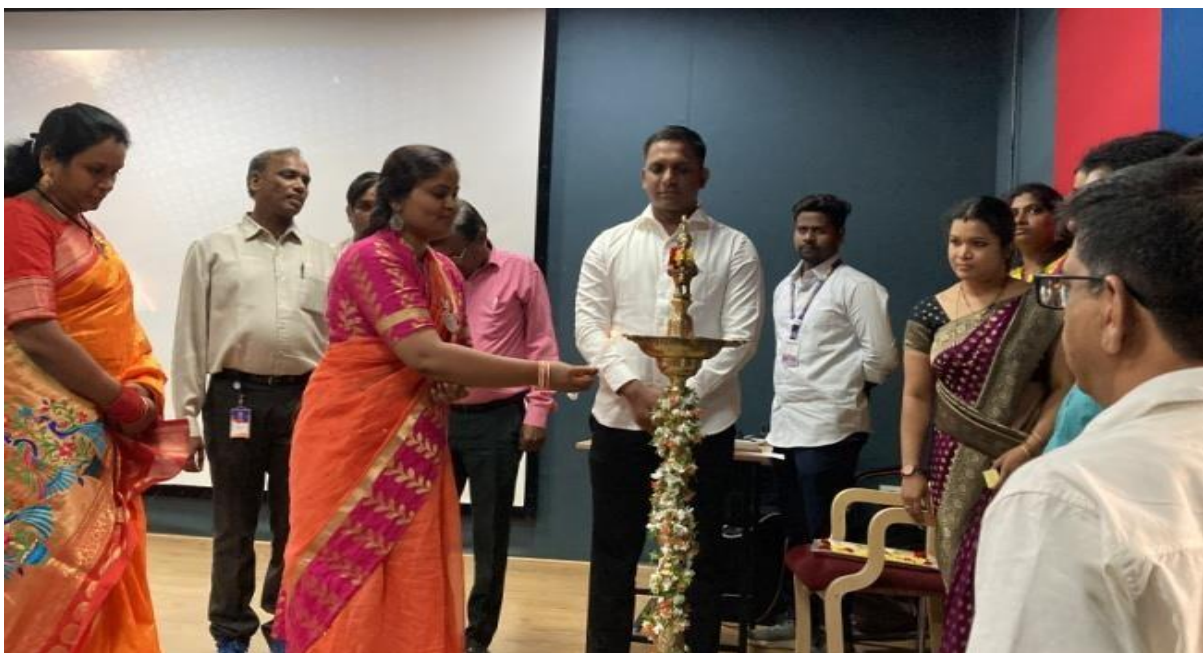

Republic Day in India is celebrated every year on the 26th of January. This day is regarded as an important public holiday all over the country. It was on this day that the Constitution of India came into being, replacing the Government of India Act 1935 and making India a Republic Nation. So to commemorate this day, CMR Institutions altogether celebrate this day every year grandly in the CMR grounds. After the National Flag is unfurled by the management, March past was done by the Students and a number of cultural events were held as a part of celebration with much pomp and glory.

4. Women's day celebrations at CMREC on 8th March, 2023

The Celebrations Started with lighting of the lamp. This Session has taken by Dr. Shalini Jadhav- Chair Person, Citizen First Human Rights Association. She delivered effectively about the importance of being aware of the state in our country and take a step to fight against what's wrong so human rights are intact and served right for the purpose. The resource person said about the primary objective is to keep safe from discrimination with regards to any type of differences like race, religion, caste, and creed.

Around 200 Members participated in this Event and clarified their doubts. Faculty of CMREC Performed Classical Dance Which Shows Gender Equity among the People. Secretary Ch. Srisailam Reddy Garu Felicitated Indira Team for Their Extraordinary achievements. The overall feedbacks received from the participants are good and very helpful. Overall, this webinar creates awareness about Human Rights among CMREC students.

5. World Environment Day

World Environment Day is celebrated annually on 5th June and encourages awareness and action for the protection of the environment. Faculty along with students participated in celebration on 05/06/23 and posters were also made by Students on Environment.

6. Telangana Decennial Celebrations

Event date :13.06.2023

Event venue: ELCS LAB, First Block H&S

On the Occasion of “Telangana Decennial Celebrations”, CMR Engineering College has conducted the preliminary round of Essay Writing Competitions and Elocution Competitions to all B.Tech students on “Flagship programmes initiated by the Government of Telangana” on

13 th June 2023 (Monday) at 10 am onwards in ELCS Labs (205& 210), Block –I and selected the best three students and have sent them to JNTUH for the Final round which was held at JNTUH on 16.6.2023.

Details of the Best Three Students:

| S.No | Name of the students | Year | Branch | H.T.No | Name of the competition | Phone Number |
|------|----------------------|------|--------|------------|-------------------------|--------------|
| 1 | K. AKSHITHA | II | CSD | 218R1A6736 | ELOCUTION | 9000672849 |
| 2 | AKASH KANDUKURU | I | AIML | 228R1A6666 | ELOCUTION | 9398919722 |
| 3 | N. RADHIKA RATHOD | I | AIML | 228R1A66A8 | ESSAY WRITING | 6304145652 |

7. Yoga day celebrations on 21/06/2023)

Event Name: Physical-Health-Yoga Session.

Event Date: 21-JUNE- 2023.

Venue: CMREC GROUND

Resource Person: Dr.Sheo Kumar

As part of International Yoga Day, being celebrated on June 21 across the globe, Center of Human Excellence CMREC organized an event on “Physical-Health-Yoga Session” by Dr.Sheo kumar , Head of the department of Computer science engineering to the College Staff and B.Tech Students to create strength, awareness and harmony in both the mind and body

The Yoga session comprised of simple asanas, pranayama and meditation etc.

Dr.A.S.Reddy, principal and HOD’s participated and emphasized the importance of yoga in our day to day life.

8. Engineering day Celebrations on 15/09/2023 at CMREC

Name of the event: Engineers day celebrations

Date of the Event: 15/09/2023

Venue: Block-I, Auditorium, CMREC

No. of Participants: 60

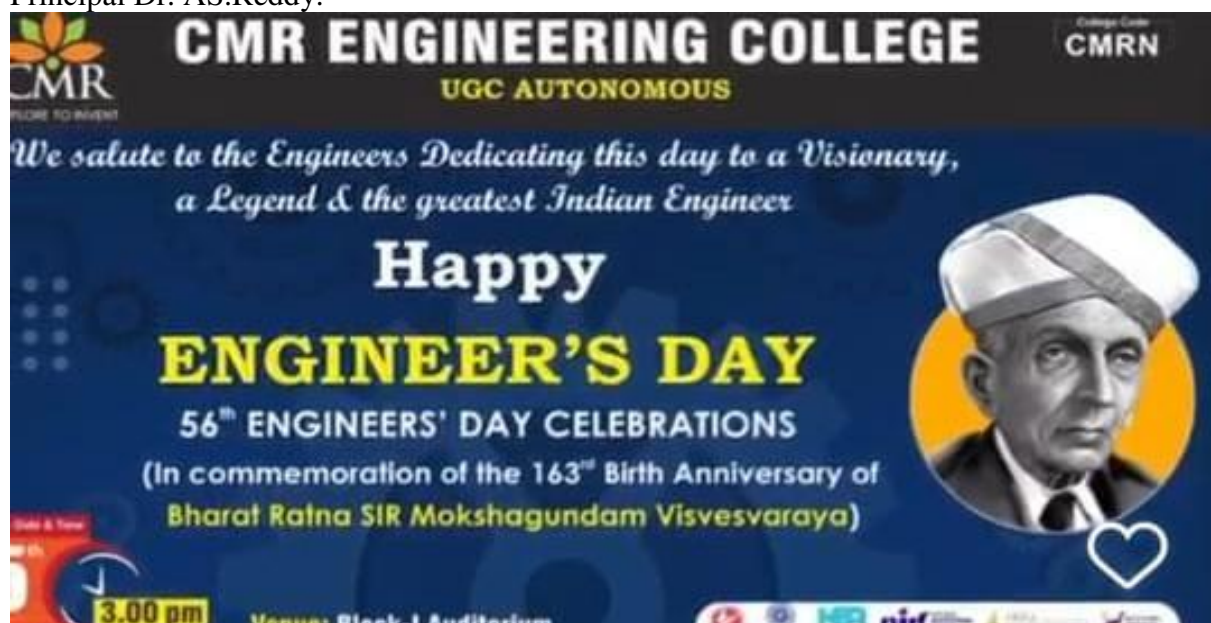

A world without an engineer is just like a bike without wheels. National Engineers Day is celebrated every year on September 15, commemorating the birth anniversary of Bharat Ratna Mokshagundam Visvesvaraya, one of the best engineers of the nation.

Some of the contributions of Sir Mokshagundam Visvesvaraya are.

- He was the chief engineer during the construction of Krishna sager dam on the Cauvery River.
- Many dams built by him in Bombay are still functional even till today..
- The Block System was invented by him, which was a system of automated doors that closed in the conditions of overflow.
- Krishnara jasagara Dam built by his help, is still praised by everybody witnessing it.
- Mysore University, which is a matter of great proud for the people of Mysore, was established because of his will and conviction.

On the occasion of Engineer's Day, the work of professionals engaged in various engineering Disciplines were appreciated by the management and was awarded every year, this year also the faculty who have published the journals and who have engaged in research

works and IIC activities were felicitated by Management Sri .Ch.Srisailam Reddy and Principal Dr. AS.Reddy.

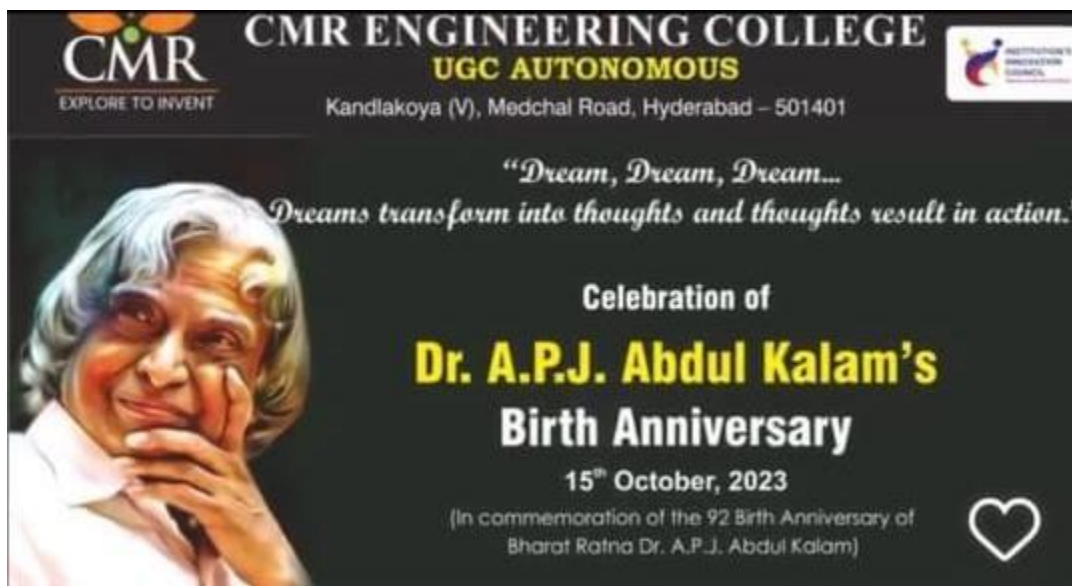

9. Worlds Students Day on 15/10/2023

World Students' Day is observed on 15 October annually to mark the birth anniversary of A.P.J. Abdul Kalam. This day honours and pays respect to him and his efforts in the field of science and technology and also the role of the teacher that he played throughout his scientific and political careers.

Dr. A.P.J. Abdul Kalam's role in teaching and his dedication can't be explained in words. He always identified himself as a teacher. While teaching only in Shillong IIM College, he had a cardiac arrest. This showed his dedication towards teaching. In 2006, in the President's address at the presentation of the National Award to Teachers, he said that " Teachers have to realise that they are the builders of the society.

A good society can be built when students have the knowledge and are proficient in their subjects. They have also to provide a vision for life to the students and to inculcate the fundamentals of values which should be practice in the years to come".

10. National Farmers Day on 23/12/2023

Farmers are the backbone of our country. They work round the clock to provide food to us. Their contributions to our daily lives are immense and uncountable. They help in feeding each and every person of this nation and also contribute to economic development.

Our country heavily depends on agriculture and farmers ensure that they work hard in providing us with our daily meals. Often the difficulties they go through are immense. From low wages to poverty and hunger, farmers have a difficult life. National Farmer's Day is dedicated to each and every farmer of the country who works hard to provide for the nation and ensure that we never run out of food.

National Farmer's Day or Kisan Diwas 2023 holds paramount significance as it provides a platform for farmers to voice their needs and aspirations. In a sector often plagued by challenges and crises, this day becomes a crucial avenue for dialogue, fostering understanding between policymakers and those working tirelessly on the fields. The events and awareness campaigns organized on this day aim to bridge the gap between urban citizens and the agricultural community, fostering a deeper appreciation for the efforts that go into sustaining the nation's food security.

On National Farmer's Day, numerous awareness campaigns and drives are orchestrated across the country. These initiatives seek to enlighten the populace about the critical role farmers play

in the nation's development. From highlighting the challenges faced by farmers to showcasing their achievements, these campaigns contribute to building a more informed and empathetic society.
