

SPOKEN TUTORIALS THROUGH IIT BOMBAY:

The SPOKEN TUTORIALS-IIT BOMBAY initiative aims to promote digital learning for all by offering low-cost, high-quality training in Free and Open-Source Software (FOSS) to students, teachers, and professionals from various educational institutions, skill centers, NGOs, and industries. It provides self-paced learning opportunities, allowing learners to study at their convenience. To enhance employability and career growth, this program equips students and professionals with job-ready digital skills in over 75 FOSS tools, including Linux, Python, Java, PHP, MySQL, and C++, along with IIT Bombay-certified courses to boost career prospects. Faculty development and institutional support are also key objectives, with training for faculty members to become authorized trainers, encouragement for colleges and universities to integrate MOOC-based learning, and 24x7 technical and academic assistance from IIT Bombay.

The following courses are successfully completed through the spoken tutorial offered by IIT Bombay.

S.NO	Name of the self-learning courses	Academic year	Year and Sem of the study	No. of students registered	No. of students successfully completed
1	LINUX AWK	2024-2025	III-II	255	252
2	ANDROID APP USING KOTLIN	2024-2025	III-II	173	171
3	MARBLE	2024-2025	III-II	285	283
4	LINUX	2024-2025	II-II	327	325
5	PERL	2024-2025	II-II	327	325
6	PYTHON 3.4.3	2024-2025	II-II	329	327
7	JAVASCRIPT	2024-2025	III-I	226	222
8	ARDUINO	2024-2025	III-I	211	207
9	RUBY	2024-2025	III-I	218	215
10	JAVA	2024-2025	II-I	370	368
11	BOOTSTRAP	2024-2025	II-I	355	349
12	PHP AND MYSQL	2024-2025	II-I	390	380
13	BASH	2023-2024	III-II	285	215
14	CSS	2023-2024	III-II	285	232
15	LINUX AWK	2023-2024	III-II	285	210
16	RUBY	2023-2024	II-II	284	242
17	R	2023-2024	II-II	257	193
18	PERL	2023-2024	II-II	284	202
