Report on the 16-Hour National Level Hackathon – NextGenHack 2025

Organized by CMR Engineering College
Held on: 7th & 8th November 2025

CMR Engineering College proudly hosted **NextGenHack 2025**, a 16-hour National Level Hackathon designed to ignite creativity, foster innovation, and encourage young technologists to build solutions for modern-day challenges. By encouraging participants to think critically and innovatively, the hackathon aims to bridge the gap between academic knowledge and practical applications. Conducted on 7th & 8th November 2025 at the CMREC Block-1 Auditorium, The hackathon brought together the brightest minds from various engineering institutions across Telangana.

The event served as a vibrant platform for students to collaborate, brainstorm, and develop cutting-edge prototypes under the guidance of experts. It was convened by Dr. Sheo Kumar, whose leadership and meticulous planning played a key role in the smooth execution of the hackathon.

Participation Overview

The event witnessed an overwhelming response with 129 teams registered across 6 themes. A total of 645 students from reputed institutions across Telangana. Some of the prominent participating colleges included: VNR VJIET, MGIT, BVRIT, GRIET, MVSR, JBIET, other engineering institutions from telengana and also from other states like Orissa and Rajasthan. Participants registered under six contemporary and impactful themes, each aimed at addressing relevant societal or technological challenges: AgriTech**,** EdTech**,** Open Innovation**,** Smart Cities & Urban Innovation**,** AI for Social Good**,** Healthcare**.** These themes enabled the students to explore domains that are globally significant and rapidly evolving.

Day 1: Inauguration Ceremony (7th November 2025, 9:30 AM)

The hackathon commenced with an enthusiastic Inauguration Ceremony at 9:30 AM. The auditorium was filled with participants, faculty members, dignitaries, and industry guests, setting a highly energetic tone for the event.

Welcome Address:

The ceremony began with a warm welcome to all participants and guests, acknowledging the collective enthusiasm for innovation and technology. Address by Convenor Dr. Sheo Kumar delivered an insightful speech emphasizing the role of hackathons in modern engineering education. He highlighted how hackathons cultivate critical thinking, teamwork, and hands-on problem-solving skills. He explained the vision behind NextGenHack 2025 and encouraged students to use the platform to explore their creativity, experiment with new ideas, and develop solutions that could have real impact on society.

The first day Guest featured a special session by Mr. Deepak Anand, Principal Technical project Manager OCI Migrration, ORACLE, an expert in innovation and technology. His presence added substantial value to the event. He shared personal experiences from participating in numerous hackathons. He provided insights into successful startup journeys, product design, and innovation processes. He Encouraged students to focus on real-world problems, think practically, and maintain a spirit of experimentation and also Emphasized that hackathons are not just competitions but opportunities to learn, collaborate, and grow. His motivational talk created an atmosphere of inspiration and boosted students' confidence before the idea pitching rounds.

Following the guest session, the Principal, Dr. A. Srinivasula Reddy, addressed the gathering. He expressed pride in the large-scale participation and highlighted the importance of innovation-driven education.He encouraged students to cultivate curiosity and take up challenges with a problem-solving mindset.

Next, Secretary and Correspondent, Sri Ch. Sri Sailam Reddy, appreciated the student teams for their energy and interest in participating at the national level. He applauded the organizers for planning a dynamic and competitive event that nurtures technical talent.

The Principal, Dr. A. Srinivasula Reddy, and Secretary & Correspondent, Sri Ch. Sri Sailam Reddy, felicitated Mr. Deepak Anand for his valuable contribution.

Idea Pitching Session & First Round Evaluation

After the inaugural proceedings, the participants began with the Idea Pitching Session, where each team briefly presented:

- The problem they were addressing
- Their proposed solution
- Technologies or tools they planned to use
- Expected outcomes

The jury members evaluated the teams based on creativity, originality, feasibility, technical approach, and relevance to the theme. Out of 129 teams, the expert jury shortlisted 52 teams for the second round. This selection ensured that only the most impactful and promising ideas moved forward. Selected teams advanced to the prototype development phase, scheduled for Day 2.

Day 2 Activities (8th November 2025)

Day 2 began with tremendous excitement as the teams engaged in intense prototype development. Students worked collaboratively under time constraints, focusing on coding, designing, testing, and refining their models.

Throughout the day Faculty mentors and technical experts interacted with teams. Participants showcased exceptional teamwork and problem-solving abilities. Various innovative approaches and practical solutions emerged across all themes.

The highlight of Day 2 was the arrival of the Guest of Honour**,** Er. Rajeev Kumar Ranjan, AI Consultant & Delivery Head–GenAI, Wipro. He visited different teams, interacted with participants, and appreciated the creativity and technical depth displayed by the students. He discussed industry expectations, innovation culture, and the relevance of multidisciplinary skill sets. As the final judge, he reviewed the prototypes submitted by all 52 teams and provided valuable feedback.

Based on creativity, novelty, technical execution, impact, and presentation, Three teams from each theme were selected as winners. A total of 18 winning teams were declared across the six themes.

Valedictory Ceremony (8th November 2025, 3:30 PM)

The Valedictory Ceremony began at 3:30 PM and marked the successful culmination of the hackathon. The session was graced by Guest of Honour – Mr. Rajeev Kumar Ranjan, AI Consultant & Delivery Head–GenAI, Wipro. He expressed his appreciation for the talent and innovation displayed by students. He encouraged them to continue exploring emerging technologies and work on impactful, sustainable solutions.
The Principal, Dr. A. Srinivasula Reddy, and Secretary & Correspondent, Sri Ch. Sri Sailam Reddy, felicitated Er. Rajeev Kumar Ranjan for his valuable contribution.

Next, Awards and certificates were presented to all 18 winning teams, celebrating their hard work and exceptional problem-solving skills. The dignitaries expressed deep appreciation to the convenor and organizing team Dr. K. Vijay Babu, Dr. Mrutyunjaya S.Y, Dr. Shaik Munnavar for planning and executing the event. The efforts of the student coordinators were also recognized for their seamless management of logistics, communication, and event flow.

CMR Engineering College reaffirmed its commitment to nurturing innovation, entrepreneurship, and technological excellence, inspiring students to truly "Explore to Invent".

AWARENESS SESSION OF NEXTGENHACK HACKATHON 2025

CMR Engineering College is inculcate innovation culture in the campus among the students by initiated CMREC awareness campaign under the leadership of Dr. A. S. Reddy, Principal, Dr. Sheo Kumar HOD of CSE, who has been appointed as a Convener the Single Point of Contact (SPOC). The campaign was coordinated by a dedicated team comprising Dr. D.Nagesh (CSE), Mrs. G. Mrunalini (CSE AI&ML), Mr. Sreekanth (CSE–Data Science), Dr. K. Sravan Abhilash (ECE), and Mrs. K. Sushma (IT), along with student coordinators Patel Balveer (CSE), Suban Rao (CSE) N. Vaishnavi (CSE–AI&ML), Ganga Shiva Shankar (CSE-DS), Akshay Gudipelli (ECE), and M. Sai Krishna (IT). As part of the initiative, the coordinators visited classrooms across all departments and various colleges to sensitize students about the significance of NextGenHack-2025 and motivated them to participate. Further, the campaign was actively promoted on digital platforms including Telegram, Instagram, and Face book, which generated an overwhelming response from students. The impact of this collective effort was remarkable, with 129 teams were registered and a total of 645 students enthusiastically participated in this event.
