TITLE OF EVENT:MOU Exchange Ceremony between CMR Engineering College and Councils for Skills and Competencies, NSQF Aligned Skill Development

DATE OF EVENT:09/09/2026

VENUE:F-105

ORGANIZED BY: Department of Computer Science and Engineering (AI & ML), CMR Engineering College

EVENT COORDINATOR: Dr. A. Pramod Kumar
MOU Coordinator, CSE (AI & ML)

DESCRIPTION

The MOU Exchange Ceremony between CMR Engineering College and Councils for Skills and Competencies, NSQF Aligned Skill Development was organized on 09 September 2026 at CMR Engineering College, Hyderabad.

The program was conducted with the objective of strengthening institutional and industry-oriented collaboration in skill development and competency enhancement. The exchange of the Memorandum of Understanding (MOU) marked an important step towards creating opportunities for students to acquire industry-relevant skills and improve their professional competencies. To execute the skilling courses, we established a center of excellence, the enrolled students can utilize the center of excellence and complete their enrolled course without delay.

The ceremony brought together representatives and institutional stakeholders to formally establish the collaboration and discuss opportunities for skill development and future academic initiatives.

OBJECTIVES:

- To establish a formal collaboration for skill and competency development.
- To provide students with opportunities for acquiring industry-relevant skills.
- To promote NSQF-aligned skill development initiatives.
- To strengthen institutional collaboration with skill development councils.
- To enhance students' employability and professional competencies.
- To facilitate future training, certification, and skill-oriented program.

Highlights of the Event

- Formal MOU Exchange Ceremony between the participating institutions.
- Interaction between institutional representatives and stakeholders.
- Discussion on skill development and competency enhancement.
- Emphasis on NSQF-aligned skill development.
- Focus on creating opportunities for students through collaborative initiatives.
- Formal exchange and acknowledgement of the MOU.
- The program included ceremonial arrangements such as ribbon cutting and exchange proceedings.

OUTCOME:

The MOU exchange established a platform for collaborative skill development and competency-building initiatives. Students are expected to benefit from industry-relevant training, skill enhancement activities, and opportunities aligned with emerging professional requirements.

The collaboration is expected to contribute towards improving students' employability, practical skills, professional competencies, and career readiness.

CONCLUSION:

The MOU Exchange Ceremony was successfully conducted on 09th September 2026 at CMR Engineering College. The event marked an important milestone in strengthening collaboration for NSQF-aligned skill development and competency enhancement.

The Department of CSE (AI & ML), CMR Engineering College, expresses sincere appreciation to all the representatives, faculty members, and stakeholders who contributed to the successful organization of the program.
