Activity: Plastic Bag Free Day

Objective: To create awareness among students about reducing the use of single-use plastic and promoting eco-friendly alternatives.

Plastic Bag Free Day was organized on **06/07/2026** as part of the institution's **Sustainable Development Goals (SDG) initiatives** and accreditation activities. Students from different branches actively participated in the programme along with **NCC students**.

The event received active participation from students and helped create awareness about **plastic reduction, reuse, and sustainable living**, supporting the institution's commitment towards achieving the **SDGs**.
