

DEPARTMENT OF HUMANITIES AND SCIENCES

Name of Event: creative clubs (Prajwala and Photography clubs) orientation

Date: 14 August 2026

Time: 3:00 PM – 4:00 PM

Venue: Block-I Auditorium

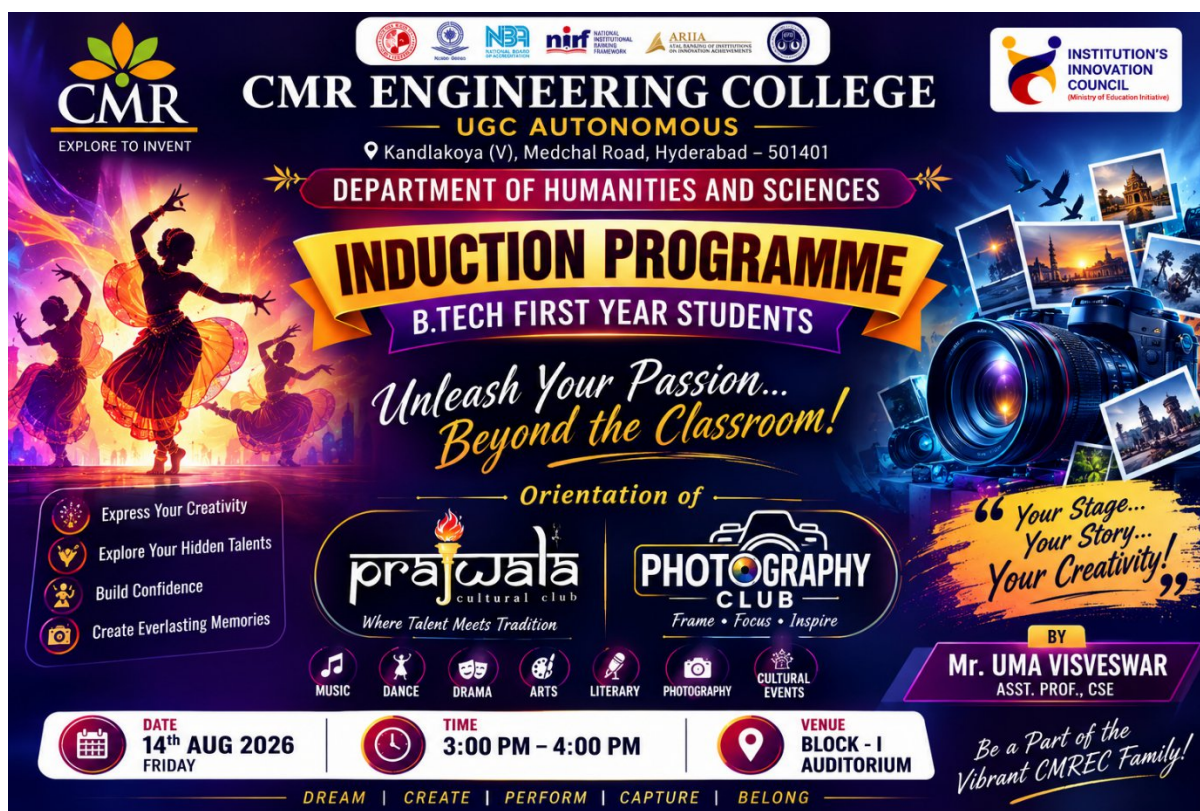

Participants: B.Tech First Year Students

Faculty co-ordinator: Mr.Uma visveshwar

Introduction

As part of the **Induction Programme 2026–2027**, the Department of Humanities and Sciences organized an engaging introductory session for the newly joined **B.Tech First Year students** on 14 August 2026 at the Block-I Auditorium. The session aimed to welcome the students and introduce them to the creative and cultural opportunities available at CMR Engineering College.

The programme began with a **classical dance performance**, setting an energetic and culturally vibrant tone for the session. The performances helped create an interactive atmosphere and encouraged students to appreciate and participate in cultural activities.

The poster is a vibrant, colorful graphic for the Induction Programme. At the top, it features the CMR Engineering College logo and name, along with accreditation logos for AICTE, JNTUH, NAAC, and NBA. The central text reads "CMR ENGINEERING COLLEGE UGC AUTONOMOUS" and "DEPARTMENT OF HUMANITIES AND SCIENCES". Below this, a large yellow banner says "INDUCTION PROGRAMME" and "B.TECH FIRST YEAR STUDENTS". The main theme is "Unleash Your Passion... Beyond the Classroom!". The poster highlights the orientation of two clubs: "prajwala cultural club" (Where Talent Meets Tradition) and "PHOTOGRAPHY CLUB" (Frame • Focus • Inspire). It lists various activities: MUSIC, DANCE, DRAMA, ARTS, LITERARY, PHOTOGRAPHY, and CULTURAL EVENTS. A quote from Mr. Uma Visveswar, Asst. Prof., CSE, says "Your Stage... Your Story... Your Creativity!". The event details are at the bottom: DATE 14th AUG 2026 FRIDAY, TIME 3:00 PM – 4:00 PM, and VENUE BLOCK - I AUDITORIUM. The bottom of the poster features the tagline "DREAM | CREATE | PERFORM | CAPTURE | BELONG" and the phrase "Be a Part of the Vibrant CMREC Family!".

Introduction to Prajwala Cultural Club

Students were introduced to the **Prajwala Cultural Club**, which provides a platform for exploring talents in **dance, music, drama, literature, arts, and other cultural activities**. A few dance performances were presented during the session, giving the first-year students a glimpse of the talent and opportunities available through the club.

The session highlighted how participation in cultural activities can help students develop **confidence, creativity, teamwork, communication skills, and stage presence**.

Introduction to Photography Club

The **Photography Club** was also introduced to the students, with an overview of its activities, creative work, and achievements. The students were informed about the club's participation in events at **IIT Kharagpur**, highlighting the exposure and opportunities students can gain through active participation in photography and creative activities.

The club also showcased an **audio-visual presentation of its creative works**, including stories and other content created by students using AI-based tools. Students were encouraged to explore their own creative ideas, and it was conveyed that the club would provide guidance and support to students interested in creating stories, visual content, photography, and related creative works.

Short Film Screening

As part of the session, a **short film directed by the senior students of the fourth year** was screened for the first-year students. The screening demonstrated how students can transform their ideas and creativity into meaningful visual productions. It also served as an inspiration for the newly joined students to explore filmmaking, storytelling, and other creative forms during their college journey.

Conclusion

The session provided an inspiring introduction to the creative and cultural ecosystem of CMR Engineering College. Through live performances, club introductions, audio-visual presentations, student achievements, and the short-film screening, the first-year students were encouraged to **discover their talents, express their creativity, and actively participate in co-curricular activities**.

The programme successfully conveyed the message that college life is not limited to academics, but also provides opportunities to **create, perform, explore, collaborate, and build lasting experiences**. The session concluded on an enthusiastic note, motivating students to make the most of the opportunities available through the Prajwala Cultural Club and Photography Club.
