Annexure – III

The Committee has unanimously approved the following Amendments:

(i). Review & approval of Moderation and grafting policy.

The university norms should be followed in Moderation of Marks and in the grafting policy.

However, Chairman apprised the committee that the guidelines were received from JNTU Hyderabad (**Ref: U.O.No. JNTUH/95/2012 dated 15.05.2012.**) to implement the following guidelines for results moderation and grafting at the time of processing the results.

Existing Results Moderation Policy

Subject Moderation: Moderation can be given, if the percentage of pass in the external exam of a subject is less than 50%. Marks may be added to all the candidates who appeared for that subject and secured at least one mark, as per the norms given in the following Table-1:

Table-1: Subject Moderation

Maximum marks in external examination	Max Marks to be added if the pass % in the external examination of a particular subject is	
	30% and less	above 30% & below 50%
≤60	3	2
70 to 80	4	3
80 to 100	5	4
>100	6	5

Adjustment of marks: Even after applying subject moderation, if a student fails in one or more subjects but secures not less than 75% of required minimum marks in the end examination in those subjects moderation will be considered to an extent of 1% of marks secured in all passed subjects of that examination subjected to a maximum limit given in the Table-2:

Table-2 Adjustment of Marks

Maximum marks in external examination	Maximum marks to be adjusted and should not exceed
≤60	5
70 to 80	6
80 to 100	7
>100	9

(ii). Approve to withdraw the revaluation policy since double valuation is being followed and introduce the challenging valuation.

Valuation policy:

Double valuation, the first and second valuators are external is followed in evaluating answer scripts of end semester examinations. The following procedure is to be followed for award of marks

If the difference of marks awarded by two evaluators is less than or equal to 15% (i.e 09 marks) for R-25 of maximum marks (After rounding off to next higher integer) then, the average of two (round off to next higher integer) will be awarded. If the difference of marks evaluated by two examiners is greater than 15% of maximum marks (round off to next higher integer), then third evaluation is to be undertaken. Finally the average of third evaluation marks and the marks of either of the first two evaluations nearest to the third evaluation (round off to next higher integer) is to be awarded.

Guidelines for Challenge valuation

- As the Evaluation Process has undergone two/three evaluations the Result Processing Committee has decided not to have Revaluation for all subjects. But, the students will be given a chance to apply for Challenging Valuation for all the Theory Subjects (No Practical/lab subjects) within one week from the date of declaration of results.

- Whenever the students apply for Challenge valuation of end Semester Examinations, they should submit their applications within one week from the date of declaration of the results to the Examination Branch by paying Rs.10,000 (Rupees Ten Thousand only) per subject. Any application received after the due date of submission for Challenge valuation, shall not be accepted under any circumstances.

- On receipt of the application, the answer script of the applied subject will be evaluated by the senior faculty of the college appointed by the Controller of Examinations/Principal in the presence of student. Parent and one subject expert from JNTUH/OU constituent colleges and autonomous colleges under JNTUH / OU can be permitted along with the student.
